TRAVEL PILLOWS-----

As you're gearing up for your family's summer vacation, why not travel comfortably?

Joining us this morning with some of the latest travel items is Stan Steinreich of the Specialty Sleep Association.

Travel Pillow by Magniflex

\$73 www.magniflex.com

This brand new travel pillow by high-end Italian mattress designer, Magniflex provides a luxurious, customized feel as it's made with Memoform, a high-performance material that contours to your head and neck when weight is first applied to it.

The removable, washable cover is made with COOLMAX fabric, featuring a unique technology that keeps the surface cool and the sleeper dry and comfortable (even on a warm, stuffy plane!).

Dream Travel pillow by Natura World

\$15 www.naturaworld.com

The Dream Travel pillow by Natura World is made of all-natural materials and designed with a granulated latex core that feels like feathers and down. A pioneer in eco-bedding, Natura World was the first to use granulated (pieces) of latex, which is a natural, renewable material.

Other features include:

- * Mimics the cuddly feel of feathers and down
- * Granulated NaturLatex" core
- * Unbleached, 100% cotton cover; non removable
- * Easy to pack & lightweight to carry
- * Naturally antimicrobial, hypoallergenic and dust mite resistant
- * Machine washable

Summer Weight All-Natural Comforter \$150 www.naturaworld.com

* Designed for year-round comfort, this comforter is the perfect size and weight for summer travel

* Filled with SmartWool", it is excellent for maintaining a fresh and dry micro-climate that is ideal for both warm and cool temperatures

* The wool controls temperature and moisture build up

* The wool is naturally hypoallergenic, breathable and flame retardant

- * Soft, unbleached 100% cotton percale cover is quilted to the fill to eliminate shifting or clumping of the wool
- * Available at www.naturaworld.com

Butterfly Pillow by Hollandia

\$15 www.HollandiaInternational.com Hollandia's Butterfly Pillow retails at only \$15 and is a stylish alternative to some of the traditional pillows out there. It's compact size and innovative shape lets you use this comfortable piece just about anywhere. Plus the two side handles allow you to position it easily and tote it anywhere!

Other features include:

- * Available in over 200 colors and fabrics
- * Compact size and versatile design is ideal for travel
- * Made using eco-friendly practices
- * Eases neck and back tension/pain
- * Machine washable

Magniflex Comfort Pillow

\$80 www.Magniflex.com

This personal-sized, ergonomic pillow was researched by a team of specialty technicians in order to guarantee correct support for the neck and head. The pillow's unique Airyform design ensures breathable support and comfort for the head and neck. Easy to pack and perfect for hotel use as well.

- * Cervical Support
- * Ergonomic
- * Hypoallergenic cover in Coolmax® fabric
- * Removable, washable cover
- * Breathable Airyform design

Hollandia Kangaroo Blanket

\$150 at www.HollandiaInternational.com

Retailing at \$150, the Kangaroo blanket is made from Hollandia's exclusive material that contains Aloe Vera for extra softness (perfect for a plane ride, where skin tends to dry out). Featuring deep pockets, the Kangaroo can store your iPod, magazine or cell phone and keep them handy throughout the trip. Take it anywhere - from the car to the hotel to the beach. The Kangaroo is a perfect summer travel accessory.
