HOME splurges

Send necessity packing and embrace your whims

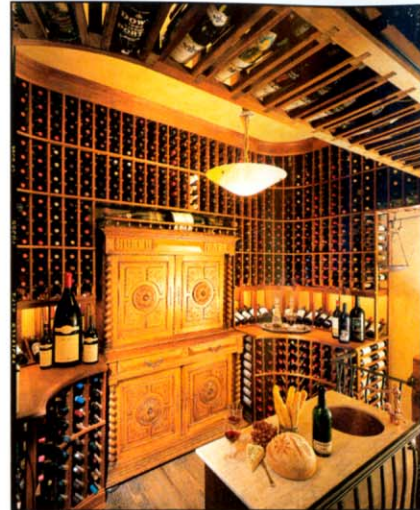

by Robin Blewis

IT

Keep your abode anything but humble; this issue it's all about indulging! Sure the washing machine might be on the fritz, or the roof needs some work, but why not treat yourself to what you *really* want? A Burano Lace Bedding ensemble by Sferra Fine Linens (\$15,000) will put any buyer's remorse to rest. Pair that with an ultra-comfortable German-engineered bed from Hollandia (\$10,000 to \$50,000) and you'll need to allot for some snooze time in the A.M. When you finally awake from that satisfying slumber, a Miele built-in coffee system (\$2,299) will get your day in full swing. And this is just the beginning of what *Vive* suggests for fabulously lavish home purchases. **V**
