We've seen some pretty [fantasmical](#) beds in our [day](#), but none of them make you want to [stay in it](#) forever quite like this one. Hollandia's Platinum-Luxe Elite, which probably took a few design cues from Mork & Mindy's abode, is far from being your average sleep system, as this thing sports a mattress made from naturally ventilated, hypo-allergenic Vita Talalay latex covered in aloe vera fibers and telescopic head supports that can prop your noggin up for those late-night

reading sessions. But that's not even the best part -- you can also look forward to checking out its 32-inch Sony HDTV, BRAVIA 5.1-channel surround sound system, five-disc DVD / CD changer and the obligatory iPod dock whenever counting sheep fails you. Only problem? The \$35,000 price tag.
