Hollandia Platinum-Luxe Elite sleep system offers premium comforts to lull you to sleep

Indulge in sinful pleasures as long as you can afford it; introducing Hollandia Platinum-Luxe Elite sleep system, that's a bed with TV in layman's terms. BTW it's no ordinary TV, it's a 32" [Sony Bravia](#) HDTV that has been incorporated into the bed's footboard. It is spaced at about 80" away from the headboard and the brightness level self-adjusts dynamically thus reducing viewer eyestrain. A Sony Bravia theater system that includes a five [DVD/CD](#) changer, a five speaker surround sound system, a subwoofer beneath the bed for a complete hi-end experience, and an [iPod docking station](#) complement the ensemble.

The bed hosts up to a dozen individual massage programs to de-stress you.

Hollandia Platinum-Luxe Elite sleep system sounds truly unique. There is no word on pricing however.
